

HOW TO ACTIVATE A MEMBER'S CELBUX WALLET

Version 3

IMPORTANT

I will show you how to transfer 1c to your new Member's Cash Wallet.

You need to follow the following two processes.

(1) Transfer money into your Cash Wallet.

(2) Transfer from your Cash Wallet to your new Member's Cash Wallet.

This should activate your new Member's Celbux Wallet.

Please note: your Cash Wallet is separate from your Voucher Wallet.

Click on **HOME**.

Your HOME Screen will show your **new CASH WALLET Balance** ($R5.08 - 1c = R5.07$).

Your New Member should **receive an SMS** showing they have **received 1c** from you, plus, *in most instances*, they will also receive their **CELBUX SMS** with their **5-Digit PIN**.

If they **DO NOT** get their **5-Digit PIN**:

- Attend one of our “**Hospital 911**” Zoom Calls where Dave will do his best to **RESET** their **CELBUX account** and get a **NEW 5-Digit PIN** send to your member.
- Contact Celbux Support and ask them to reset your 5-Digit PIN.

GOOD LUCK WITH THIS PROCESS
